

## SERVICE NOTE

**Date :** 04/03/2016

**Purpose :**

- Replacement of nose plates part number : D255010

**Concerned wings:**

- The nose plates manufacturing number : **D255010-1111** / **D255010-1201** / **D255010-1212** / **D255010-1404**

**Inspection and action to be realized:**

- A premature fatigue was noticed on the nose plates which the manufacturing numbers are indicated above. We recommend to replace systematically these plates during the visits of maintenance of the wing even if there are signs of wear or tear.

If the manufacturing number is not visible any more on plates, the replacement must be made as a precautionary measure.
